

WHEEL SERVICE DONE RIGHT

When you want the job done right, choose Ranger. Advanced engineering, breakthrough technology and the highest standards deliver shop-tested performance you can depend on. That's why we have the confidence to offer a full 24-month parts warranty along with 12 months of on-site labor and free shipping. That's better than **any** warranty offered by **any** of our rivals. Choose Ranger and enjoy industry-leading performance backed by an assurance warranty that is clear, easy to understand and comes with the best support possible for your business. Call 1-800-253-2363 or visit bendpak.com/wheel-service.

Tire Changers

Ranger's NextGen™ Tire Changers - Tire Shop Tested™

NextGen™ SERIES

All NextGen models are loaded with design enhancements that make the technician's job easier. Sturdy frames, rigid 45 mm hexagonal vertical shafts and hardened-steel horizontal outrigger support arms eliminate flex during all tire service procedures, reducing the chance of damage to expensive wheels. Bead seating and tire inflation is simple and effortless with Ranger's exclusive TurboBlast™ portable bead seating system. High-torque electric turntables, increased speed and reversible direction mean quicker tire removal and installation. Industrial-grade pneumatic control valves feature die cast and machined bodies constructed from zinc and aluminum for increased service life and performance at the highest level possible within almost every imaginable working condition. Important wheel service accessories come standard, like a large soap bucket with brush and multi-piece plastic wheel protector kit that includes turntable jaw covers, bead-breaker blade boots and specialized mount / demount head covers to help protect delicate wheels.
